August 17 – 20, 2014

Jacob K. Javits Convention Center and Piers  
New York, USA

**Welcome to the German Pavilion**

The Federal Republic of Germany welcomes you to the German Crafts – German Special Event within the NY NOW 2014 Autumn and would like to introduce itself as an international and economic trading partner. Economic cooperation with other countries and people clearly is one of our major objectives and therefore we are also looking forward to participating in this event.

German Crafts is a special event of the Federal Ministry for Economic Affairs and Energy (BMWi), in coordination with the Association of the German Trade Fair Industry (AUMA). The event is designed to boost the German economy and promote Germany as an economic location.

Being one of the leading countries in industry and trade, the Federal Republic of Germany utilizes the opportunities created by international trade fairs and exhibitions around the world to engage actively in the environment of global trade. The Federal Government of Germany seeks to utilize this professional atmosphere for supporting its many industries by presenting them and itself at such occasions. Hence, the Federal Ministry for Economic Affairs and Energy (BMWi) in cooperation with the Association of the German Trade Fair Industry has organized the official presentation

by the Federal Republic of Germany at this event. This forum is used in particular by export-oriented small and medium-sized companies to demonstrate their capabilities within the framework of a joint company exhibition. This is a great opportunity for all present participants and visitors of the German Crafts – German Special Event within the NY NOW 2014 Autumn to establish contacts or intensify existing business relations. At the information stand of the Federal Republic of Germany, experts will gladly consult with you on additional export and import possibilities and answer questions on economic relations with Germany.

On behalf of all exhibitors, the Federal Ministry for Economic Affairs and Energy (BMWi), the Association of the German Trade Fair Industry (AUMA), the Association of the German Cutlery and Houseware Industry (IVSH) and the German Crafts Association (BK) we wish all participants a successful show and extend a warm welcome to all visitors of the German Pavilion.

We hope you will enjoy our presentation.
